CRANS MONTANA FORUM

The **Crans Montana Forum** is a Non-Governmental International Organisation whose importance and prestige have been well-established since 1986. The Founding Fathers' philosophy has always been to build a better World,

***"Committed to a more
Humane and Impartial World"***

It is formally recognised by and works with all major Governments, Non-Governmental Organisations, International Groups and International Organisations such as the UN, UNESCO, UNIDO, the EUROPEAN UNION, the COUNCIL OF EUROPE, OFID etc.

The **Crans Montana Forum** encourages International Cooperation and contributes to global growth while guaranteeing a high level of stability, equity and security. It also works to promote best practices and to ensure a permanent dialogue between all those who handle high-level responsibilities.

The **Crans Montana Forum** organises three to four events per year, gathering key decision makers coming from more than 100 countries

to discuss all major social, economic and security challenges of our Century, in a private and informal atmosphere.

These various Forums organised worldwide (Barcelona, Brussels, Geneva, Rabat, Dakhla, Vienna, Crans-Montana, Bucharest, Baku, Zagreb, Roma, Sarajevo, Tirana, Athens, Malta, Bahrain etc.) represent exceptional opportunities for Businesses and Government Officials to implement their strategies, strengthen relationships with partners and create new ones, and build cooperation opportunities.

The **Crans Montana Forum** offers tailor-made partnerships and activities to those who would like to take advantage of all the opportunities offered by the wide scope, the variety and the relevance of its events.

CRANS MONTANA FORUM OF THE NEW LEADERS FOR TOMORROW

Aware of the key role of Youth in the construction of a more humane and fairer world, the Crans Montana Forum wishes to respond appropriately to the aspirations of these young leaders by creating the **Crans Montana Forum of the New Leaders for Tomorrow**.

This is a Community of young decision makers selected for their exceptional professional achievement and experience of Leadership in Business and Governments from Africa, the Arab World, Eastern Europe, Central Asia, South America and the Far East.

Together, they form an active Community to address the main challenges of the 21st Century and promote **South-South Cooperation**. The New Leaders for Tomorrow benefit from the support of our Organisation and a free access to all Forums and High Level Summits organized by the Crans Montana Forum.

These New Leaders have the keys for being able to have a direct impact on world affairs and to strengthen human, economic and social relations between their respective regions.

“An active Community to address the main challenges of the 21st Century and promote South-South Cooperation”

NEW LEADERS SELECTION

Thanks to the cooperation of Governments, Chambers of Commerce, Professional Bodies, International and Regional Organizations, major companies and Universities, the **Crans Montana Forum of the New Leaders for Tomorrow** selects the most significant individuals.

The *Fondation du Forum Universale* officially appoints the New Leaders for Tomorrow, who enjoy Forum's privileges for **three years**.

Younger than 42, candidates must attest to professional success, leadership experience

and enjoy a good reputation in the community.

Representing a rich variety of profiles, the New Leaders are active within their community and committed to the social and economic development of their country.

SUPPORT OUR NEW LEADERS

In a changing and increasingly interconnected World, the new generations represent hope of an impartial and more prosperous World.

The Forum aims to provide decisive support in the success of these young decision makers, of

extraordinary potential, giving them access to unique networking platform.

Key players from the business and academic worlds - regularly associated to the New Leaders' Programmes - are active participants of the success of this Initiative.

Supporting these New Leaders is a way to durably invest in Youth and help them to tackle their future challenges.

SENATE

The **Senate of New Leaders for Tomorrow** ensures a coherent continuation of the CMF - New Leaders for Tomorrow's Initiative.

After their three years of nomination, some Members of the New Leaders' Community, among the most active, can be nominated as Senator of the Crans Montana Forum of the New Leaders for Tomorrow.

This status is the prolongation of a long-term loyalty and confidence relation between the young decision makers and the Crans Montana Forum.

They play a significant role in the New Leaders' Programs and represent CMF-Ambassadors of Youth in their respective Regions.

They also contribute, through their commitment, to the enrichment and development of Crans Montana Forum's projects, in particular those dedicated to Youth.

They promote the core values of the Forum among their networks in order to enhance the Forum's success around the World.
